Dear Ms. Fairchild:

I am writing this letter to let you know how pleased I am with your company and the service you provided us.

When Vic Holleyman first came to me and told me your firm had a success record of 357 to 0, I was impressed, but somewhat skeptical. Now I must say that I am a believer.

Mr. Franklin was always attentive to our needs. He answered our questions and was never more than a call away. I came to rely on his professionalism and experience. Global Services actually made this experience of securing our GSA contract number easy. Mr. Franklin also mentioned other ways Global Services could work for us.

I will keep your firm at the top of my list for future work.

In closing, I would like to tell you again how much we value the work Global Services did for us.

Sincerely,

A handwritten signature in black ink, appearing to read "Ron Witherspoon".
