President
Global Services
1401 14th Street, NW, Third Floor
Washington, DC 20005

Dear Courtney,

First off, I want to thank you and your staff for the excellent service we received in obtaining our GSA Contract. Second, we could not have completed this process without you. The Global Services team not only does what you say you'll do, but you provide more support than expected. When we began this process we considered several options, including an in-house solution and your competitors. There is no doubt we made the right choice.

The experience and skills you and your staff possess made the process smoother than we had hoped it would be. Global Services hands-on approach to account management meant that I and my team were ...

- guided in gathering the proper information - saving both time and money,
- kept up-to-date during the GSA review process - making us part of the process, and
- ensured that we would receive the best possible outcome

We couldn't have asked for more.

It remains a pleasure working with Global from soup to nuts. Campaign Consultation is pleased to recommend the invaluable services you and your team provide. Thanks again!

Sincerely,

Linda Brown Rivelis, CFRE
President
